

# AI Clinical Research

# NEWSLETTER

Welcome to the **April** edition of AICR's Newsletter, where we bring you the latest updates and advancements from our company.

As we strive to push the boundaries of medical innovation, we are excited to share with you some of the research initiatives achieved by our dedicated team.

## News

- Ongoing studies
- Future plans

## Ongoing Studies

In two different therapeutic areas: Covid-19 and Schizophrenia

We continued our site management and monitoring activities, effectively assisting both our investigators and patients.

## Future studies

- Last month we shared with you a list of studies which are in start-up and preparation phase.
- We managed to submit one of them (the one with Medical device – Thermometer) to our Health Authorities to obtain their approval.

Thank you for your continued support and collaboration. We look forward to sharing more exciting updates and insights with you in the months ahead.
